

Vehicle mode	WINNER-GC-D 2S+2S	
Size (L*W*H)	2950*1350*2080 (mm)	
Passenger	4 people	
Max Speed	35 Km/h	
Braking distance	≤4m	
Driving Mileage	80-100 Km	
Gradeability	25 %	
Curb weight	600 Kg	
Wheel track	900 mm	
Battery	<p>★100A Maintenance free colloidal battery / large capacity deep cycle (lithium battery can be customized) and has the copyright registration of "electric vehicle battery loss detection and vehicle energy saving management system"</p>	
Motor	<p>★ 4.0kw AC asynchronous motor / obtained the copyright registration of "integrated control software for anti sliding slope safety parking device terminal of electric patrol car and sightseeing car"</p>	
Battery charger	<p>★on board intelligent charger / intelligent two-stage charging, no damage to the battery, obtained the copyright registration of "electric vehicle charger power overshoot and overload intelligent protection system", superior traction performance, strong overload capacity, good climbing performance, long service life and low maintenance rate)</p>	
Controller	<p>★60V Low voltage AC controller ★ patent technology : Intelligent adjustment software system for electric vehicle specific air conditioning</p>	
Drive system	RWD (Rear Wheel Drive)	
Front Suspension	MacPherson independent suspension	
Rear Suspension	Integrated rear axle+high-strength steel plate spring+cylindrical hydraulic shock absorber	
AV system	Bluetooth multimedia all-in-one machine+sound system	
Braking system	<p>★Dual circuit hydraulic brake, parking brake device/front disc brake, rear drum brake / +Brake, accelerator, aluminum alloy integrated pedal ★patent technology : Electric Vehicle CAN Bus Data Collection and Fault Diagnosis and Repair System</p>	
Tyre	14 inch golf aluminum alloy vacuum off-road tires	
Steering system	Rack and pinion type steering machin	
Light & Signal	Combined headlights, turn signals, combined rear lights, electric horn	
Seat	Foamed sponge + high rebound PU leather fabric	
Instrument board	Electric meter, forward and back switch;	
Body material	Steel frame +ABS engineering plastic molding parts;	
Body color	White/yellow/gold/green/support custom colors

	3.5KW		3585

Options List:

1. Front bar
2. Storage frame
3. Seat headrest
4. Electromagnetic brake
5. Caprice system instrumentation
6. Aluminum alloy rear bucket
7. Li-ion battery 48V150AH
8. Curtis electric control

9. KDS motor
10. Duplex color seat
11. 14-inch tyres
